About Steve

Leadership - Change - Culture

Steve inspires people to create environments where others bring their 'whole self' to work and create high performing teams in times of change. He does this through high energy and fun aha moments along the way.

Steve has over 20 years experience leading and managing large teams and has facilitated over 300 leadership development and high-performance culture workshops.

Steve is a former Young Executive of the Year by the Australian Financial Review and has four children under the age of 13.

Topics

Steve applies 7 themes to topics relating to leadership, change and organizational culture

Stand up! Speak Up! How psychological safety levels in teams predicts engagement and customer satisfaction.

Humility defines heroes How checking your ego at the door builds trust and productivity.

Authenticity Always How being true to yourself and showing vulnerability changes the environment around you.

Recognition drives repetition Recognise great behaviour publicly and often.

Positivity attracts potential People are attracted to positive and happy environments.

Effectiveness demands empathy Putting others shoes on will provide you with abundant insight to inform your decisions.

Never give up. EVER. How resilience and curiosity are fundamental to todays leader's kit.

Steve's Approach

04

Steve believes in customizing each of his keynote speaking engagements to the needs and nuisances of his clients. This is why, as part of his fee, he will spend up to half a day prior to the event to get to know his client and their business. He will meet with employees and 'walk the halls' if it is permitted. He will get to know the vision, values and behaviours of the client so as to customize his presentation to ensure a far more meaningful message.

Steve doesn't swan! He also offers to stay for the remainder of the day or night to meet and greet the audience and make himself available for one on one conversations to further help embed the message. Finally, Steve will arrive early to the engagement and help the event organisers where possible.
